

What Families See — Review Copy

August 2026 · Every email and paper a family can receive from the Holiday Project website, shown exactly as it goes out, with a note on when each one happens.

The journey, in order

1. A family applies online and immediately sees the **thank-you page** (below), and gets **Email 1** if they typed an email address (the Elderly/Disabled form makes email optional — no address means no emails; everything else still works).
2. You review and decide: approve → **Email 2** (family) or **Email 3** (elderly/disabled). Deny → **Email 4**.
3. If you later mark a family adopted → **Email 5**.
4. In December: families get the mailed **Pick Up Notice**; elderly/disabled households get your Christmas card with the food and gift cards (hand-prepared by you — the website prints the **envelope labels**); volunteers pack from the **Packing slip**, which families never see.

The thank-you page (on screen, right after they press Send)

We received your application. Thank you!

Here's what happens next:

1. Our volunteers will review your application.
2. You'll get an email from us when it has been reviewed, telling you how you'll receive your gifts.

You don't need to do anything else right now. A confirmation email is on its way to your inbox.

Your information is private. We use it only to prepare your family's gifts, and we never share your name with donors or sponsors without your permission.
